What is a voter guide?

A voter's guide is a document to assist you as you prepare to cast your ballot in the general election on November 2nd. A series of questions were presented to congressional, statewide and legislative candidates and their responses are included in the guide.

Purpose of the voter guide?

The right to vote is a precious privilege, earned long ago at a high price, and should not be taken for granted. Please use the guide as you prepare to exercise your privilege to vote, and take the opportunity to share the guide with family and friends.

How do I use it?

To determine which candidates deserve your vote, respond to each question yourself. Compare your responses to the responses of those asking for your vote. Additionally, you may use the voter's guide as you personally visit with the candidates, getting more detailed responses to those questions of special interest to you.

Is the voter guide Democrat or Republican, or does it endorse candidates?

It is factual, impartial, and nonpartisan. All candidates were given an equal opportunity to respond to the questionnaire. The voter's guide is an educational resource provided as a public service for your assistance as you prepare to vote, and does not endorse any candidate.
