

**ARE YOU INTERESTED IN STOPPING
ABORTION BEING USED FOR BIRTH CONTROL?**

- ❖ Our sister state, South Dakota, is in a position to do just that! They have this issue on the November ballot and with a little help they will succeed.
- ❖ Dr. Allen Unruh, spokesman for the campaign will be in our area on June 25-26th to tell his amazing story. Dr. Unruh and his wife have been working on this effort for 24 years.
- ❖ This is not just a South Dakota event. This vote has historical and national implications. Other states will pass the same or similar laws. Abortion clinics will be forced to close without 98% of their income!
- ❖ **WE CAN DO THIS!** Come listen to Dr. Unruh and see how you can help.
